

# Smart Modules

## WITH SAL PIXIE

PLUG-IN module by Hunter Pacific International (requires licensed electrician)

Hunter Pacific International provides a plugin PIXIE module for a wide range of their indoor and outdoor DC powered ceiling fans. Once installed homeowners have complete smart control of ceiling fan speed, direction and light ( if included ) from the PIXIE mobile app, PIXIE Touch Panel\*\*.(pictured here) and PIXIE wall control options\*\*.  
Part #: PIXIE098

### Smart Module

Simply fit the Hunter Pacific Pixie module (part#: PIXIE098) into the ceiling fan receiver base to unlock the benefits of smart control for your Hunter Pacific DC ceiling fans.

PIXIE Multifunction Rotary Control Part#: SMFR/BTAS\*\*

Pixie Touch Panel Part#: STP54BTAS\*\*

### On Wall Control, Anywhere

Using the PIXIE Multifunction Rotary Control, home owners control ceiling fan speed and light functions from a single, familiar rotary dial interface. Homeowners can control their fans from multiple locations throughout their home.

### More Control Options

Users control their fan's functions individually, and as groups including scheduling functions to maximise comfort.

Mobile App control from smart phones and tablets includes quick access widget control and voice control capability when enabled in the PIXIE PLUS App.

### Control Panel

9 Speed fan control with intuitive dial interface with animated fan graphic for simple user speed feedback. Select between cool white, warm white and daylight on light enabled models and simply select your light level intensity using the slider. Activate timers to maximise comfort whilst automatically minimising energy usage.

\*\* Note: This device is made and sold by Pixie and works exclusively with Pixie Smart Home Solution.

### Smart Wifi Module

Powered by the Tuya app, once installed you will be able to control your Hunter Pacific DC Ceiling Fan from the Tuya app on your smart device

Also compatible with Google Home® and Amazon Alexa® for voice control and home automation. (Part # WIFIM099)
