

Astra Trio

LED Cabinet Light

Description

Introducing the ASTRA LED cabinet lighting series. The ASTRA is an alternative to the traditional halogen light sources. The ASTRA features a high output LED package to offer superior performance and light over the working area whilst only consuming a total 3.6W of energy. The ASTRA offers two mounting options to cover a wide range of applications.

These include recessed mounting or surface mounting. Smooth even lighting is provided from a single light point and frosted lens.

Available in White, Black, Silver, Satin Brass and Polished Chrome colour options. Tricolour switchable: choose between Warm White 3000K, Neutral White 4000K, or White 5000K colour temperatures with the flick of a dip switch. Requires 12V DC Constant Voltage LED Driver.
