Iconic Sweep Fan
X4HS Series

Technical brochure

||CLIPSAL®

Contemporary by nature

Using modern design principles, the Iconic Sweep fan will integrate into its environment by adding to its appeal while providing the performance needed and expected.

Application

These ceiling sweep fans are part of Clipsal's market leading Airflow™ range. Suitable for efficiently moving air within and between rooms in both residential and commercial buildings. They help reduce the total reliance on the buildings air conditioning system and help to maintain a constant and comfortable environment.

Features / benefits

- Energy Efficient DC fan motor
- Dual control with option to use standard wall plate fan speed controller and/or remote control.
- Supplied with Iconic 40RSM3 fan speed controller.
- Available in 2 blade sizes of 1300mm and 900mm.
- Detachable LED light (sold separately) with tri-colour output.
- Summer/Winter rotation
- Available in Vivid White or Extra Black colours
