

Vandalux Solar Weatherproof Batten

The Australian designed Vandalux Solar Weatherproof Batten range has a proven and trusted history since the early 1970s for being tough for all levels of industrial and public applications including transport, custodial, education, heavy industry, muster points and high vandalism / secure areas. We have now converted the Vandalux for connection to a non integrated solar system via the large 6mm² terminal block providing a simplified, efficient and versatile fitting that is updateable in the future using our replaceable retrofit kits and gear trays when lighting upgrades are required. Various colour temperatures are available upon request.

- Chromated pressure die-cast LM6 marine grade aluminium body with RAL9007 powder coated paint finish and robust frosted polycarbonate lens resist impact & abuse (clear lens available)
- Samsung LEDs, large 6mm² terminal block for connection to solar controller. Other colour temperatures are available upon request
- 20mm screwed cable entries on the end of the housing and multiple drill points in the back of the housing for cable entries. 25mm cable screwed cable entries available upon request.

professional lighting solutions

Part Number: C28VANDALUX
Part Name: C28 wall bracket
Material: Aluminium
Use With: Vandalux 600mm Body

Description	Material	Quantity
C28 Vertical wall bracket box	Aluminium	1
Head cover M10x2	Stainless Steel	2
4x4 washers	4016H	2
Spring washers M8	Stainless Steel	2
NSI Washers	Stainless Steel	2
Mounting bracket Shimwashers	Steel	2
