PIERLITE®

Conix Tilt Downlight

This addition to the Conix range adds tilt function to the features, including a 3CCT color temperature adjustment and increased luminous efficacy of 120lm/w. It retains the Conix product-family's characteristics with elegant looks no visible screws and seamless ceiling integration. . The lamp body is crafted from die-cast and thermally conductive plastic, ensures excellent heat dissipation. Utilizing SMD chips along with lens optics results in great controlled light output and bespoke lighting for tastefully designed interiors.
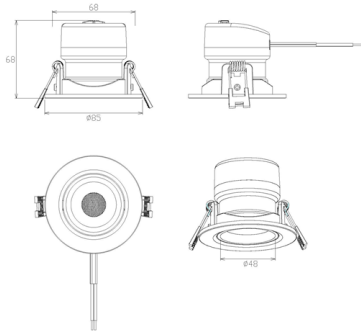

- IC-4 - Can be covered with insulation material directly
- 30° tilt - Accent lighting or create "scallop lighting" on your walls
- CCT Adjust - 3000K/4000K/5700K for your chosen ambience 70mm and 90mm cutout sizes available
