

# Titanium-Coated High-Leverage Professional Shears, 10-Inch

The Titanium-Coated High-Leverage Professional Shears cut a versatile range of materials such as thick leather, flooring, roofing, and thin sheet metal. The ambidextrous grips provide maximum comfort and allow for a wide range of use for both left and right-handed users. The titanium-coated stainless steel blades allow easier cutting of heavy-duty materials.

## Specifications

|                     |                                                         |                     |                        |
|---------------------|---------------------------------------------------------|---------------------|------------------------|
| Type:               | Shear                                                   | Special Features:   | Titanium Coated Blades |
