## Official Haneco Notification | New Product Pricing

**Dear Valued Partner,**

We are pleased to share pricing and product information for new products launching in March. Please load these new codes and contact us if you require anything further.

Please note the pricing for these new products will not increase any further in our upcoming **planned May 1st price adjustment**.

As outlined in the price change notification emailed earlier in February, we will be providing a full updated product price file by **April 1st, 2026**. This will ensure you have sufficient time to update your systems ahead of the **May 1st, 2026 effective date**
