

27<sup>th</sup> February, 2026

Dear Valued Customer,

**Re: 2026 Price Adjustment**

Please be advised that there will be an upcoming price adjustment effective 4<sup>th</sup> May 2026.

We have not implemented a price increase since 2023 and during that time we've absorbed significant rises in the cost of materials, manufacturing and freight. To continue providing the same level of quality, product reliability and support, a price adjustment is now necessary.

From the 4<sup>th</sup> May a 15% increase will apply to the following product ranges.

- Terminals
- Copper lugs and links
- Bi-metal lugs

Updated price lists will be available soon and will be forwarded to you.

We value your business and remain committed to delivering products and service you can rely on. Thank you for your understanding and continued support.

Kind Regards,

Richard Da Silva  
Managing Director
